

National Institute of Allergy and Infectious Diseases Special Emphasis Panel (SEP) meeting:

Name of SEP: Studies of HIV in Women Under the Women's Interagency HIV Study.
Date: September 10–11, 1997.

Time: 8:30 a.m. to Adjournment.

Place: Holiday Inn Bethesda, 8120 Wisconsin Avenue, Bethesda, MD 20814, (301) 652-2000.

Contact Person: Dr. Peter R. Jackson, Scientific Review Adm., 6003 Executive Boulevard, Solar Bldg., Room 4C10, Bethesda, MD 20892, (301) 496-2550.

Purpose/Agenda: To evaluate grant applications.

Name of SEP: Women's Interagency HIV Study Date Management and Analysis Center.

Date: September 11–12, 1997.

Time: 1:30 p.m. to Adjournment.

Place: Holiday Inn Bethesda, 8120 Wisconsin Avenue, Bethesda, MD 20814, (301) 652-2000.

Contact Person: Dr. Peter R. Jackson, Scientific Review Adm., 6003 Executive Boulevard, Solar Bldg., Room 4C10, Bethesda, MD 20892, (301) 496-2550.

Purpose/Agenda: To evaluate grant applications.

These meetings will be closed in accordance with the provisions set forth in secs. 552b(c)(4) and 552b(c)(6), Title 5, U.S.C. Applications and/or proposals and the discussions could reveal confidential trade secrets or commercial property such as patentable material and personal information concerning individuals associated with the applications and/or proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. National Institutes of Health

National Institute of Allergy and Infectious Diseases; Notice of Meeting: AIDS Research Advisory Committee, NIAID

Pursuant to Pub. L. 92-463, notice is hereby given of the meeting of the AIDS Research Advisory Committee, National Institute of Allergy and Infectious Diseases, on September 9, 1997 in Conference Room E1 and E2, Natcher Conference Center, Building 45, at the National Institutes of Health, 9000 Rockville Pike, Bethesda, Maryland.

The entire meeting will be open to the public from 8:30 a.m. until adjournment. The AIDS Research Advisory Committee (ARAC) advises and makes recommendations to the Director, National Institute of Allergy and Infectious Diseases, on all aspects of research on HIV and AIDS related to the mission of the Division of AIDS (DAIDS).

The Committee will provide advice on scientific priorities, policy, and program balance at the Division level. The Committee will review the progress and productivity of ongoing efforts, and identify critical gaps/obstacles to progress. Attendance by the public will be limited to space available.

Ms. Rona L. Siskind, Executive Secretary, AIDS Research Advisory Committee, DAIDS, NIAID, NIH, Solar Building, Room 2A21, telephone 301-435-3732, will provide a summary of the meeting and a roster of committee members upon request. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should contact Ms. Siskind in advance of the meeting.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[WY-040-07-1310-00]

Notice of Availability of Draft Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability of Draft Environmental Impact Statement.

SUMMARY: The Bureau of Land Management announces the availability of the Jonah Field II Natural Gas Development Project (Jonah Field) Draft Environmental Impact Statement (DEIS) which analyzes the environmental consequences of the Jonah Field proposed natural gas development and production operation. The Jonah Field project area is approximately 32 miles south of Pinedale, Wyoming, and 28 miles north of Farson, Wyoming, and located within portions of Townships

28 and 29 North, Ranges 107, 108, and 109 West, Sixth Principal Meridian, Sublette County, Wyoming. The project area encompasses a potential natural gas field of up to 59,600 acres, where 49 wells are presently active or have been previously analyzed, and where up to 450 additional wells could be drilled over the next 15 years.

DATES: Comments on the DEIS will be accepted for 45 days following the date that the Environmental Protection Agency (EPA) publishes their notice of availability in the **Federal Register**. The EPA notice is expected to be published on July 25, 1997.

ADDRESSES: Comments on the DEIS should be sent to Bureau of Land Management, Arlan Hiner, Team Leader, 280 Highway 191 North, Rock Springs, WY 82901.

SUPPLEMENTARY INFORMATION: McMurry Oil Company, Snyder Oil Corporation, Amoco Production Co., and Western Gas Resources, Inc. (Operators) propose to explore and develop their existing leases within the Jonah Field project area. The Operators propose to expand the Jonah Field from 49 current wells by drilling up to 450 additional wells over the next 15 years. The wells would be drilled on 80-acre spacing (i.e., a well density of eight wells per 640 acres). The Operators' plans and drilling schedules would be contingent upon an adequate price for the gas at the wellhead.

The Jonah Field DEIS analyzes the impacts of the Proposed Action, a Sensitive Resource Protection Alternative, a Maximum Density of 4 Well Locations/Section, and the No Action Alternative. Based on the issues and concerns identified during the scoping process, the DEIS focuses on the impacts to socio-economics, wildlife, air quality, land use, and cumulative effects. Key issues include effects upon people and communities near the project area and the State as a whole; effects to antelope and antelope habitat, sage grouse and raptor breeding and nesting; potential reductions in air quality and visibility; potential reductions in water quality; impacts for surface disturbance; and transportation planning.

The DEIS, in compliance with Section 7(c) of the Endangered Species Act (as amended), includes the Biological Assessment for the purpose of identifying endangered or threatened species which may be affected by the proposed action.

Comments, including names and street addresses of respondents, will be available for public review at the address listed above during regular
